4. Operating system end of life

Independent of agent coverage: an end-of-life OS no longer gets security updates, even with an agent. End of life: 31 · End of life soon: 6 · Supported: 9 · Unknown: 2

Highest risk: end-of-life OS with no agent (4): ACME-LT-009, ACME-WS-021, ACME-WS-022, ACME-WS-025
